

**PETRODATA MANAGEMENT SERVICES
LIMITED**

**POLICY ON COMMUNITY AFFAIRS, SAFETY,
HEALTH, ENVIRONMENT AND SECURITY
(CASHES)**

All activities will be conducted in such a way as to give utmost regard to the **Health , Safety and Security** of our employees , our clients, their data and members of the communities in the areas of operations.

Conscious efforts will be made to prevent any damage to the **physical and human environment** in the areas of operations.

In implementing this policy, we will not only comply with requirements of policies of our clients and all relevant legislation, but also **promote** in an appropriate manner measures for the protection of **health , safety and security** of all who may be affected by our activities and the **environment** in the areas where we work.

There should be absolutely no question of operational urgency or other pressures taking precedence over **safety and security** of life and property and the protection of the **environment**.

Managing Director
